Burning Ban Flags
Texas Forest Service

Have you seen red and white flags flying at fire departments and courthouses? The Texas Forest Service is distributing these flags in hopes that they become a recognizable image to the public, a signal to stop outdoor burning and begin conserving water. They are sold on a nonprofit basis.

When we experience extended periods of hot, dry, windy weather, counties implement bans on outdoor burning as a wildfire prevention tool. To support this prevention effort, TFS posts a list of counties with burning bans on the TICC home page (http://ticc.tamu.edu then click on Burn Bans and Declarations Map). If you have any problems accessing this information please call 936/639-8130.

Flags are approximately 3’ x 5’ and have two metal grommets for easy flying.
