President George Bush, Sr. – 30 second

Folks in Texas are suffering though our worst drought in over 50 years. The drought’s been a disaster to farmers who have lost their crops and to communities that have run short of water. Carry a fire extinguisher when working with equipment in the field and don’t stop your vehicle in dry, tall grass and don’t discard smoking materials carelessly. Let’s work together during this dangerous wildfire season. Let’s be careful with fire and don’t burn Texas.
