**Tri-County Fire**

**Scenario:**
It is July 10 at about 0900 hrs, and your department has been dispatched to a fire that is in the same area that you were at the day before. Yesterday’s fire was fairly active, and after a few hours of mop-up you called it contained and went home.

**Fuel Type:** Grass and Brush mix, mostly grass

**Terrain:** Fairly level with a shallow gully near by

**Fire Behavior:** Fairly active behavior with spotting in front of the head

**Weather:** Temperature 96° F; RH 29%; Winds NE 7-9 mph; Haines Index 5

**Resources:** 4 Booster Trucks (Type 6), 2 Water Tenders
