Professional Management Services List

This list is provided as a service to landowners seeking forest management assistance and does not imply an endorsement of any firm by the Texas A&M Forest Service.

The following firms or persons provide professional management services to forestland owners. Provided services may include forest management plans, timber appraisal, timber inventory, timber sale administration, vegetation surveys and others. The entities listed do not purchase timber or forestland and charge a fee for their services which can be a set rate or a percentage of timber sale proceeds.
