

ANNUAL REPORT

FISCAL YEAR 2022

RURAL VOLUNTEER FIRE DEPARTMENT INSURANCE PROGRAM (HB 3667)

I. OVERVIEW

The Rural Volunteer Fire Department Insurance Program was established in 2001 by the 77th Texas Legislature (House Bill 3667). The program provides grants to rural volunteer fire departments to assist in the purchase of workers' compensation, death and disability insurance for members of volunteer fire departments. The program is funded through the Rural Volunteer Fire Department Insurance Fund (Fund 5066), which is composed of tax revenue from the sale of fireworks.

The program receives advice from the HB 3667 Advisory Committee, an appointed body of private citizens. This Committee recommends the annual grant reimbursement rate to be offered based upon forecast revenue and the forecast enrollment of members of volunteer fire departments.

The program is administered by the Texas A&M Forest Service.

II. ACTIVITY

The FY 2022 expense budget for the Rural Volunteer Fire Department Insurance Program was set at \$2,160,000 based on the revised revenue estimate from the Texas Comptroller of Public Accounts. Of this total, \$2,081,169 was allocated to grants and \$78,831 to administrative costs.

The HB 3667 Advisory Committee recommended providing a maximum grant of \$185 per enrolled members with a provision to include a supplemental offering in FY 2022. The grants reimbursed fire departments for actual insurance coverage purchased for their members, not to exceed the grant maximum.

The agency launched open enrollment beginning in November 2021. Enrollment remained open through August 15, 2022.

III. STATUS

The program achieved positive enrollment in fiscal year 2022. The following grants were awarded:

<u>Number of Enrolled Fire Departments</u>	<u>Number of Firefighters Covered</u>	<u>Grant Funds Awarded</u>
591	13,993	\$2,074,888.94

The attached summary presents the individual disposition of grant funds awarded in FY 2022.

IV. PLANS FOR FY 2023

The HB 3667 Advisory Committee will be meeting in late October to discuss plans for FY 2023. A reimbursement rate of \$185 per enrollee is being considered for FY 2023, which would maintain the FY 2022 rate. After consultation with the Advisory Committee, the new rate will be implemented with open enrollment scheduled to begin in November 2022 and end July 31, 2023, subject to the availability of grant funds. Based upon program participation and actual revenue received, a supplemental offering will be considered in August 2023.

V. EFFECTIVENESS

This is a very effective program. Approximately 52% of grant recipients were reimbursed 100% of their cost of insurance coverage for their members under this program.

The Texas A&M Forest Service has continued to improve the effectiveness of the Rural Volunteer Fire Department Insurance Program by increasing program awareness and by maintaining a user-friendly application and an efficient process for enrollees.

ENROLLMENT HISTORY

Fiscal Year	Maximum Grant Reimbursement Rate per Member of Fire Department
2003	\$ 80.00
2004	\$ 70.00
